My philosophy: People don't care how much you know until they know how much you care! I expect tutors to truly care about these students!

I do understand that I am an independent contractor at the Learning Curve

- The times, dates, and frequency of classes at the Learning Curve are those that I choose
- While materials are available for all tutors at the center, it is my sole decision concerning methods, materials, and processes that I use
- I will receive a 1099 for tax purposes at the end of the year
- I may accept or decline working as a tutor at any time
- Due to space limitations, it is necessary that each tutor recognizes the master schedule for all classes
- Each tutor will use his/her own professional judgment regarding the best practices for students
- Tutors may bring any materials of their own to be used or may use those at the center

In addition, I understand that when I tutor a student at this facility, it is unethical to tutor that student independently at any other location, including the student's home, school, library, or home
